Parent-Teacher: An Essential Partnership

SSE Group 1-Workbook

“The father and the mother must supplement at home the training given by the teacher at school. They must acquaint themselves with the lesson the child receives at the school and see that their conduct and advice do not conflict with what the child learns from the teacher whom he adores. Teachers and parents must see that children learn certain good habits and attitudes during these formative years.”

Sathya Sai Baba [September 09, 1958]
