Homemade Personal Protective Equipment Disclaimer

Date ____________________________

Organization Name: _______________________________________________________

Location: _________________________________________________________________

From: Sathya Sai Baba Center of _____________________________________________

Thank you for the opportunity to serve our community. Several volunteers from the Sathya Sai Baba Center wish to make homemade personal protective equipment to help with the shortage in this time of crisis. If you have your own specifications and/or kits for use, we will be happy to use them. Otherwise, we have brought a sample along with the materials and methods to be used for construction.

As the recipient of these units, you have complete control of how and who would use them in your organization. We make no claims other than that they are homemade and made by our amateur volunteers. We will deliver them in the manner you specify. Thank you.

Sincerely,

Sathya Sai Baba Center

We (the receiving organization) are interested in receiving the units and we understand that they are home made by volunteers.
